Gravel Travel

FLASH LPF SALE 32.5% OFF!

Mon 16th - Tues 17th November

Code: PASSPORTVIP

This has been one of my most used travel products of 2026!

You know I'm a minimal packer, so essential travel gear that focuses on simplicity and sustainability is *right* up my alley, and even better that it's a small business. I love Gravel's travel blankets that pack down super small, clean easily, are warm but lightweight, and use recycled materials and minimize plastic use in packaging. But the very best part is that they have SNAPS so they actually stay on when sleeping on a plane/car! Such a game changer. Also super love their double sided carabiners!

Use CODE **PASSPORTVIP** FOR 25% + 10% OFF (best price of the season) while they're fully stocked!

Ride Safer Vests

FLASH LPF SALE $30 OFF!
Sun 22nd - Mon 23rd November
Code: PASSPORTBF

There aren't that many kid products that we've used for a dozen years, but the Ride Safer Vests are one of them. We first purchased one when our oldest was only 3 years old and have been major fans ever since! These safety belt positioner vests serve the same purpose as a booster and are just as safe, but work for much younger ages/weights, are better for wiggly kids, and are super lightweight and packable.

Use CODE **PASSPORTBF** FOR THE BEST SALE OF THE SEASON (BETTER THAN BLACK FRIDAY!)

THIS IS OUR OLDEST, N, FROM 11 YEARS AGO!

Hey June Jewelry

LPF SALE 25% OFF!

Through Cyber Monday (30th Nov)!

Code: HJSANTAPREETHI

If you've seen me, you've seen me wearing Hey June jewelry. I absolutely love their pieces, especially their huggie earrings – they're so comfortable, lightweight, don't tarnish, and so cute. They're the only ones I wear when traveling because I can leave them in for sleep, travel, showering, swimming, etc (and then I don't lose them!). They're pretty much all I've worn for 3+ years and my girls love them, too (love the screwbacks for my youngest).

The 25% off code **HJSANTAPREETHI** is the best sale of the season and is good through Black Friday - I recommend purchasing early before items sell out!

Bubbsi Coconut Oil Personal Care

LPF SALE 20% OFF!

Sat 21 Nov - Sun 22 Nov

Code: PASSPORT

I'm obsessed with this coconut oil balm for my babies and even myself. So moisturizing, smells amazing, super gentle. Also my favorite conditioner for myself and my girls. Love that packaging is refillable! I love these products so much that I literally have family bring them across the pond for me (sadly they don't ship to the UK). They also have the cutest travel containers!

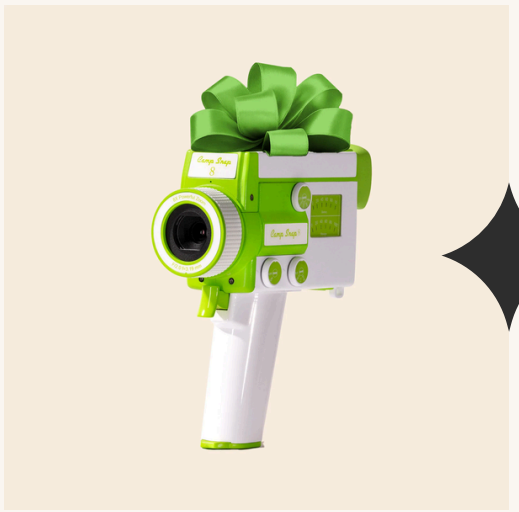

The 20% off everything code **PASSPORT** is the lowest price they do!

Campsnap

Code: PASSPORT

I gave one of these to our daughter who was turning 13 last year, and we've since acquired 2 more because we love them so much! I love that it helps kids engage whem traveling by capturing what they love, but there are no distractions from a screen or games. They just came out with a mini video camera that will be going under our tree for the kids!

Eby Undergarments

Code: PASSPORT15

I tried out one Eby bra a couple of years ago and promptly got rid of all my others - I literally haven't worn any others since. My favorite is the relief bra, and my 14 year old daughter loves that one and the support bralette!

Fussy Natural Deodorant

LPF SALE 30% OFF!
Through Black Friday
Code: PREETHI15

Is it strange to feel passionately about deodorant? This is the first natural deo that I've found that really works, they have amazing scents (including for men), and I adore the fact that they use sustainable packaging - the case is reusable, and you get shipped compostable refills in lots of super lovely scents (the just released some special festive ones!). I absolutely love the minis for travel and have gotten Dan and my big kids all hooked on it, too. Perfect for stocking stuffers!

Cadence Travel Containers

These have been my favorite travel containers for the last year or so. I love that they magnet together and that you can customize the sizing and which ones to take. They're also super leakproof! I also really love the clear parcel with the magnetic close - i use it as my daily makeup bag.

Black Friday will be their best sale of the year so it's a great chance to try them out or add a few new pieces.

Geometry House

LPF SALE 35% OFF!

Until Wed 18th November

Code: PREETHI

About 3 years ago, I purchased one single Geometry kitchen towel after hearing how great they were for over a year. Needless to say, I was skeptical about a dish towel. And then I proceeded to replace every single one of our other kitchen towels within 24 hours of it arriving (I had to take advantage of the sale that was ending!). They're so absorbent, soft, quick-drying, and have the best patterns. They're my go-to host gift and I love having a stock on hand for teachers, friends, favorite things parties, etc.

I also adore their tablecloths - they don't wrinkle at all, go in the tumble dryer, are super stain resistant. Actually work as an everyday tablecloth with kids!

USE CODE **PREETHI** FOR 35% OFF YOUR ORDER THROUGH NOV 18 (best price of the season)

Iksplor

Code: LOCALPASSPORTFAMILY

We love this super high quality merino wool for the whole family. Merino base layers are an absolute staple for us at home & especially when traveling - it's moisture wicking, temperature regulating, can be worn multiple times without washing without odor, and is great for layering, jammies, and more. Every single person in our family has at least a couple pairs and I think it's one of the best investments in children's clothing.

I love that Iksplor in particular is a small, mom-owned business with responsibly-sourced 100% merino wool - comfy, fun, and fantastic quality.

Scrubba Wash Bag

We love this portable washing machine that folds up so small - it's incredible for packing light even when we don't have access to a washing machine. It gets clothes SO much cleaner than just washing in the sink and is perfect if we need to do a quick load of undies or wash some dirty kiddo clothing.

Merry Bells

LPF SALE 10% OFF WILL STACK WITH BF SALE
Through Black Friday
Code: PASSPORT

This might actually be my kids' favorite thing about the holidays. This bell set is just so FUN! We got a second set last year so we can have friends join in. We've had bells before, but these are so EASY and fun for the whole family - it's basically paint-by-number, but with bells. It's one of our favorite holiday family activities and would make a wonderful family gift for you or your loved ones. These do sell out so if you're interested, I recommend pre-ordering.

Crude Soapless Skincare

LPF SALE 20% OFF STACKS WITH BF SALE

Until Tues 1st Dec

Code: LOCALPASSPORTFAMILY

Nearly 6 years ago, I heard about an oil cleanser - it had rave reviews for cleansing but not drying skin, and keeping skin clear. I tend to have drier facial skin so I gave it a try and...I was BLOWN away. It basically eliminated all blemishes (I could count on two hands the number I've had in that entire time) and is so gentle. Plus, it smells like a spa every time I wash my face. I especially love it for travel because it serves double duty as a moisturizer, too. I love to use it with their amazing pull cloths at home, or with these tiny compressed facial sponges when traveling.

USE CODE **LOCALPASSPORTFAMILY** FOR AN EXTRA 20% OFF THEIR BIGGEST SALE THROUGH DEC 2

25 Days of Christ Advent

We've used this sweet advent for about 5 years now - each day has a scripture story and an ornament to represent it. The little lessons are short - under 5 minutes - so it's perfect with little ones and a lovely and simple way for our family to gather and remember this season. Would also make a lovely gift for a religious family.

Guardian Bikes

If you’re looking for a top-tier gift for a kid who’s ready to ride, consider Guardian Bikes. We’ve loved these for years because they’re easy to ride and I believe they’re the safest bikes on the market. These bikes have a lightweight aluminum frame and patented single-lever SureStop® brake system. Guardian Bikes is known for its focus on safety and for building bikes in the U.S., supporting higher manufacturing standards. It’s a thoughtful choice for families who want not just a bike, but a safe, confidence-boosting ride that grows with their child.

Trail Magik Carriers

Trail Magik makes an ultralight child carrier that’s perfect if you love hiking but don’t want to haul bulky gear. The carrier weighs less than 10 ounces and attaches easily to most hiking backpacks (also great if you’re exploring a city with a backpack and have a little one who needs some breaks). It’s made from durable fabric and is fully safety certified. I love that it packs super smal when note in use and think it would make a terrific gift for outdoorsy families who love exploring WITH little ones.

GRANDPA BECK'S GAMES

Some of our favorite games, especially smaller ones that are great to take along when traveling. Our favorites are Cover Your Assets and Gnoming Around. These make the best friend gifts, too!

Code **PASSPORT** for 20% off

PRIMARY KID CLOTHING

Primary was started by two moms who wanted clothing for their kids without labels or logos, that was comfy & sustainable, and that was gender-neutral. They've stayed true to that awesome mission and we love their clothing! Their rash guards are my favorites, and they even have matching family jammies now.

SAILY AND AIRALO eSIMs

We really like both **Saily** and **Airalo** for eSIMs. Both are effective, simple to use, and affordable.

Code **LocalPassport5** on Saily

A02 SKINCARE

This stuff really helped with my oldest's acne when he had a breakout. Between this and my Crude oil cleanser, his skin had totally cleared in a few days. It's just distilled water and oxygen bubbles, so I also feel great using it for sensitive teen skin.

Code **PASSPORT** for 20% off

SKILLMATICS

We love so many of their craft kits, especially the foil fun ones. I always stock up on these for friend birthday gifts and they're always a hit. We also love their games like Guess in 10 and Found It.

STORYWORTH

Storyworth helps you preserve your loved ones' memories with weekly story prompts for a year. We gifted this to my dad a few years ago, and when he passed away a year later, I was so grateful to have those memories recorded. Such a sweet gift for a parent, grandparent, or anyone whose stories you'd like to know.

It's $15 off thorugh Dec 31

SAALT MENSTRUAL CUP

I'm not exaggerating when I say using a menstrual cup has absolutely changed having a period when traveling for me. SO much less annoying, messy, time consuming, and uncomfortable. I don't notice it for hours and doesn't require carting around lots of supplies. I even was on my period when doing a multi-day trek in the Alps and it didn't bother me.

Code **PASSPORT** for 15% off

BEDDY'S ZIPPER BEDDING

Beddy's makes our favorite zipper bedding to help keep beds tidy, and they're the BEST with bunk beds. We brought ours back from the US this summer because I missed them so much!

Code **PASSPORT** will stack on top of some of their deals!

THOUSAND HELMETS

Thousand was created by a woman who never wore a helmet until she lost a friend to a bike accident. She set out to create helmets people would actually want to wear, and I think she succeeded beautifully! I've had mine for 5 or 6 years and it's still in perfect condition.

FLYTOGRAPHER

We love using **Flytographer** for family photos when travleing, or even at home - some of our favorite photos were taken with one of their photographers after moving to London. 🙂 They're trustworthy, easy to schedule with, and generally affordable to capture some beautiful family memories.

TUBBY TODD

We've loved Tubby Todd Bath Co for years and years - the all-over ointment (love the travel size) is so healing for my kiddo with eczema and when I have razor burn. And their mineral sunscreen is absolutely fantastic.

Tough Cutie Socks

I got my first pair of these socks almost a year ago and they've quickly become my favorite wool socks. They're just the right balance of supportive and structured but also stretchy & soft. Plus, they're a Black woman-owned business, and lots of their styles are 50% off!

Darn Tough Socks

Darn Tough were our first love with wool socks - they're super comfortable and warm, have a lifetime warranty, and are a small, family-owned business. They're terrific for hiking or daily wear. Our whole family has them!

LPF Guides

I love helping all of you explore some of the places we love most, so I poured all my knowledge and experience from two of our favorite places into these two guides - Yosemite & London during festive season.

USE THE CODE **LPF25** FOR 25% OFF BOTH GUIDES THROUGH DEC 1

Yosemite Guide: My ultimate printable PDF guide to visiting Yosemite National Park is packed with 32 pages of info on where to stay, what to do (for all ages and abilities), when to visit, multiple itineraries, tips, and more. It's the perfect way to make planning an incredible Yosemite family vacation simple, exciting, & fun.

London Festive Guide: Will you be heading to London during festive season? This is our 3rd season living here with our 6 kids, and we've absolutely loved enjoying this time of year and finding all the best options for families. We've shared it all in our 17-page guide to all the best festive activities, including: markets, carol services, afternoon teas, light trails, theatre, ice skating, a packing list, and more! I've also included two separate lights walk options - a short, 30-minute version, or a slightly longer 1-hour route with a few more gorgeous stops.

REI Favorites

While not a small business, we do love that REI is a co-op and also provides a platform for so many of our favorite smaller businesses! It's our go-to for quality, all-season gear for the entire family. We've passed many items down through many of our children and it's the first place we check for any outdoorsy needs. Here are our top 10 REI favorites:

- Foldable lightweight duffel - if you've been around a while, you know I LOVE this thing - folds small and is really lightweight, but super sturdy and roomy when opened. We've checked it in for flights many times (usually on the way home to bring home food souvenirs, or to put car seats in) and it's held up perfectly.
- My favorite packing cubes - I've tried a LOT of packing cubes and these are the best hands down. Expandable, sturdy zippers, they're awesome. (I personally don't like compression cubes because they're such a pain to close back up each time.)
- Kid backpacks - forever and always our favorites. We use these for travel, hiking, tennis lessons, carry snacks when exploring London, etc etc. It's the perfect size for me to carry on an outing, too. We also love the 12L size for our youngest. Pair with a waterproof backpack cover - a couple of my kiddos keep these on their school backpacks, too!
- Our favorite travel towels - the ribbing make them so comfortable. Plus, they're so absorbent and dry super quickly.
- Filter water bottle - we love this one because it doesn't require sucking through a filter straw (super difficult for little ones and some adults, ahem) and is super sturdy. We fill it and decant into other water bottles and it works great.
- Keen Kid Shoes - from hiking boots to water sandals, Keens are our favorite outdoors shoes for our kiddos. Great quality, versatile for different activities and weather (yay for waterproof boots!), and comfy fit.
- Osprey Poco Child Hiking Carrier - love it's roomy storage and super comfortable fit that adjusts for various bodies
- Emergency satellite GPS device - a MUST if you'll be hiking or if you're traveling in remote areas. Saved us when our RV broke down in Canada!

Strings For Kids

My **kids' introductory violin course** got a glow up recently and it's back up and running better than ever. I put this course together after 20+ years of teaching other little ones and 5 of my 6 kids.

It's perfect for kids ages 4-9 who want to start learning but you're not ready to invest in private lessons. Strings for Kids makes it easy to test out the violin at home in a fun, age-appropriate way!

- Short, fun lessons starting at 5 minutes and working up to 20 minutes (no fighting to focus for a full 30 minute lesson just because you paid for it!
- Easy-to-review videos that assist with regular practice (no forgetting what to do in between lessons)
- Cost-effective - you can review as often as you want and go at your child's pace without feeling pressure to progress just because you're paying for more lessons
- Instrument & bow hold
- Introductory pitch & rhythm

The gift of music has been incredible in my life in in my children's lives and I hope this makes it easier for you to gift it to the children in your life, too.
